THE FINEST ROW

Or Buildings in Assumption Destroyed by Fire Monday Night.

THE LOSS IS ABOUT \$55,000

While the insurance is placed at \$40,000—Opera House Among the Buildings Destroyed—The Individual Losses.

The most disastrous fire in the history of the town of Assumption occurred last Monday night and when daylight broke on Tuesday the place presented a sorry aspect. The town has a fire department, but the flames had gained such headway when discovered that the firemen were powerless to check it. The total loss is placed at \$55,000 with an insurance of about \$40,000. The discovery of the fire was made at 11:30 p. m. Monday by Michael Fitzgerald, a lawyer. It started in the Joseph Simon building occupied by E. M. Phillips as a grocery store. Dr. Dodge, the dentist and Gus Huhle, cigar maker, the tenants on the second floor lost everything. With the other buildings burned this building occupied a place on Main street, fronting the depot.

From the Simon block the flames spread to the next building south, destroying it and the surrounding goods store owned by Sam Pickett. The tenants on the second floors of these buildings lost everything.

The next building south was the Old Fellows hall with a thirteen-inch fire wall, which seemed to stop the progress of the flames in that direction, but not until after the building had been damaged to the extent of several hundred dollars. James Fears occupied the lower half with a clothing store and on the second floor was the Old Fellows hall. Smoke and water damages these tenants about five hundred dollars each.

From the north side the fire spread from the Simon building to the one occupied by I. L. Long's drug store. He managed to save little or nothing from the building. In the second story of this building was the telephone exchange from which the switch board was saved.

The next building north was occupied by J. H. Ellis, furniture dealer, and J. C. Shaffer, undertaker. Neither saved anything of value. Among other things the undertaker lost thirty-five caskets.

The A. O. U. W. hall was in the second story of this building.

The Mrs. Cronin building, occupied by C. Lawrence with a billiard and pool parlor, was next in line and was destroyed, the tenant saving nothing. The city and township office was in the second floor and lost everything of value.

Moran & Mahler's building and wagon house was next in line and like the others suffered almost a complete loss. Dr. Rokey, a physician, had his office in the front half of the second story and W. H. Melhorn, mayor of the town, had his cigar factory in the rear half. They lost everything.

The last building in the row was the opera house, of which the little town was justly proud, for it was a handsome structure, two stories high. The opera house was on the second floor. On the first floor there were two stores. One was occupied by Joseph McCarty's restaurant and the other by Byron Travis' restaurant. The room occupied by McCarty was owned by Henry Shade while Mr. Travis owned his own room and the opera house.

The occupants of these two buildings had a little time in which to attempt to save their stock and managed to get a small portion out. The heavy fire wall of this building stopped the progress of the flames. The next building in line was the Varney tavern, but it was a considerable distance away and afforded the firemen an opportunity to save the same and hold the flames in check.

The origin of the fire is unknown. The night watchman, John Watkins, states to Mr. Phillips, in whose store the flames were first discovered that he had tried the doors just a few moments before and that everything was in good condition then. The firemen worked hard, but with limited apparatus were almost powerless against the fire, which was a roaring furnace from the moment it was discovered until it finally burned itself out, which was about 3:30 o'clock Tuesday morning.

A few months ago the village was visited by another disastrous blaze, a block of buildings going up in smoke. They were nearly all frame structures, however, and the loss was not nearly so heavy as that of the fire on Monday night. The owners of the burned buildings say that they will rebuild as speedily as possible. The following is a statement of the loss and the insurance:

Loss.	Ins.
Joe. Simon, building.....	\$3,500 \$2,500

TWO ACCIDENTS.

Motorman Ed Simpson Suffers Ruptured Bloodvessel—Nicholas Schaniel Hurt.

Ed Simpson, a motorman with the Traction company, suffered a peculiar accident Tuesday afternoon which might have had serious results. While making some unusual exertion Simpson, who is rather a muscular young fellow, managed to rupture one of the superficial blood vessels of his left leg. The laceration extended through the skin and while Simpson felt a sharp pain at the time he was busy and failed to make any investigation for about an hour, during which time he had lost considerable blood. He was obliged to go to a surgeon to get the hemorrhage stopped.

SEVERE STRAIN.

Nicholas Schaniel, a carpenter, living at 875 South Colfax street, was severely injured while working on a building on North Main street yesterday afternoon. He was engaged in heavy lifting and suffered a strain that completely incapacitated him. He was removed to his home and while his condition was quite serious last night it is expected that he will recover.

THE ROAD OF THE ROUGH.

Gamblers at Springfield Heavily Fined in the County Court.

The sporting fraternity of Decatur is not alone in its troubles. Things have warmed up in Springfield for several months and they have now reached the red hot stage. The gamblers have been raided and their implements taken from them and the grand jury has indicted them. Their cases have been certified to the county court and the men who are named are just now settling with the judge.

The court is presided over by Judge Murray and he does not seem to be an easy man to settle with. Two men are named in the gambling rooms and under indictment appeared before the judge and entered pleas of guilty. They were expecting to receive a nominal fine, but when the judge told them that it would cost them \$250 each, they nearly fainted. Judge Murray announced that any one brought before him under an indictment for gambling need not expect any favors. In other words, he gave them to understand that they would be assessed heavy fines.

Report of the Census Director.

The annual report of W. R. Merriam, director of the census, was made public by the secretary of the interior, to whom it is addressed. Speaking of the prospect of meeting the legal requirement for the completion of the four principal reports by July 1, 1902, Mr. Merriam says:

"The work of tabulating the returns and results of the field work of the enumerators and special agents of the twelfth census has progressed with reasonable celerity. The law provides that the four principal reports shall be placed in the hands of the public by the 1st of July, 1902, and this requirement has rendered it absolutely necessary to maintain a clerical force adequate to complete the work within the prescribed period. The statistics made estimates of the time needed to finish the particular branch assigned to each of them. The plans so submitted have been greatly interfered with owing to the absence of clerks from duty because of sickness or annual leave.

"It was hoped by the 1st of November a large number of employees could be dispensed with, but inasmuch as the work has been retarded, owing to the difficulty of maintaining the clerical force at its maximum, it is not likely that there will be any material reduction until after the first of the year. The officials of the office believe that their allotted task will be completed in ample time."

The director gives a list of presentations for violation of the law in connection with the census work, saying of them: "It was hardly to be expected out of the large number of agents employed in the field work—about 55,000 in all—that there would not be some who would prove incompetent and unfaithful to duty. The director has endeavored to enforce census act to the letter, and through the assistance of the attorney general has proceeded against all offenders."

The report includes detailed statements from the different chiefs of divisions in the bureau, S. N. D. North, chief of the manufacturing division, reports that the work of his division is rapidly drawing to completion.

With the Corn King.

James S. Wiley, who has been traveling for the Great Grain company for a number of years past, has severed his connection with that firm and will go to Chicago to engage with George H. Phillips & Co. He will travel for the corn king. He goes to Chicago today to confer with his new employer and receive the assignment of his new territory. Mr. Wiley is recognized in this part of the country as one of the best posted grain men in the business and one of the best and shrewdest buyers.

WITH THE SICK.

There is a case of scarlet fever in the family of Mrs. Pazo, on East William street.

Miss Sarah Imboden has been confined to her bed by illness for the past few days.

BOUNDARY LINE

A Moultrie County Case Was Argued Before Judge Vail Tuesday Evening.

MARCH-ALLSUP DAMAGESUIT

Presents Disputed Question As to Whether Stewart Was Contractor or Foreman When March Was Killed.

The taking of testimony in the March-Allsup case occupied all of the time in the circuit court Tuesday until 5 o'clock when Judge Vail heard arguments in the suit of Mary Duggan vs. Henry Lippendahl et al. This is an ejectment suit and is here on a change of venue from Moultrie county. The land in dispute is at Dalton City. Mrs. Duggan claims it and the defendants claim it. It seems that this land was transferred several times and that while the tract did not contain as much ground as had been originally intended, some of the persons let it go by default. Not so with Mrs. Duggan. When she came into possession of the tract she discovered that it did not contain as much ground as described in the deed originally made by deeds and bounds. The extent of the tract is 28x518 feet.

The March-Allsup case will probably be concluded by noon today. The plaintiff is seeking to show that March was directly in the employ of Allsup on whose property the trench was dug and that March received no warning that the walls were liable to cave in or that there was danger of any kind.

The defendant is seeking to show that while the sewer trench was dug on the land of Allsup he was not responsible because he had contracted with a man named Stewart to dig the trench for a stipulated sum and that all of the men engaged were hired by Stewart and that in reality Allsup had nothing to do with it. On this score there is one of the kinks of the law apparent. Allsup is not permitted to testify in his own behalf in relation to the contract which he contends was made with Stewart. This is because Stewart is dead. However, other persons who heard the conversation between Stewart and Allsup have testified that they heard the agreement by which Stewart was to do all of the work and receive the sum of \$40 for it. The docket orders entered Tuesday follow:

LAW.

George Blakeman et al vs. John Smith et al; appellants' appeal. Leave given J. M. Gray to withdraw appeal bond upon leaving certified copy.

Louis A. Mills, administrator, vs. Samuel S. Allsup; trespass on case. Trial by jury.

CHANCERY.

Martha B. McCumb et al vs. Eliza Mueller; bill to quiet title. Answer withdrawn. Decree pro confesso. Cause heard and decree as prayed at cost of complainant.

BASEBALL GOSSIP.

Phonso (usually, whose record as a fielder excelled that of any other fielder on the Decatur team last season, is without employment and has not made up his mind to play again next year. Phonso may apply for the position of "ump" on President Norton's staff. He thinks that he could discharge the duties of the place satisfactorily.

The Three League magnates meet in Chicago tomorrow. The delegates from Decatur go up today.

According to Cincinnati papers, Noonan, the third baseman of the Decatur team last year, was recently married in that city to Miss Laura Morrison of this city. The Cincinnati papers stated that the couple were coming back to Decatur to live.

BOARD APPROVES.

Site Selected For the James Millikin University Formerly Endorsed.

There was a meeting of the local board of control of the James Millikin university on Monday night. The action of the committee having the matter of a site in charge was acted upon, the board fully endorsing the selection and approving the purchase of the Dunham and the Rogers tract of land.

A few other routine matters were acted upon. Messrs. Miller and Patton, the Chicago architects, are expected here in a few days with further details of the plans.

MARRIED.

HAYS-WATSON.

Sybert A. Hays of Moweaqua and Miss Vera Watson of Assumption were quietly married Tuesday evening at the home of the groom's mother, 419 East William street. The groom is a young farmer and they will reside near Moweaqua.

Will Offered.

In the county court Tuesday the will of the late Lucinda Butman was offered for probate. The date of the hearing was fixed for December 10.

COUNTRY SCHOOLS.

County Superintendent Keller Furnishes Some Figures.

County Superintendent J. G. Keller reports the country schools hard at work and gives the following data of the schools visited recently. The name of the school is given, followed by the name of the teacher and the attendance in 1895 and 1901:

Shady Grove.....	20	15
Glady's Turner.....	20	20
Elm Grove.....	22	20
Angus T. Sweeney.....	22	10
Independence.....	22	10
Maud Benton.....	45	44
Forest.....	17	12
F. J. Kammer.....	21	25
Cherry Grove.....		
Bessie Hopkins.....		
Grand Prairie.....		
Little Tobey.....		

The enrollment is divided among the different grades as follows: First, 23; Second, 18; Third and Fourth, 30; Sixth, 37; Eighth, 14; Tenth, 15; Irregular, 2.

General examinations will be held in the country schools next Friday and the monthly teachers' meeting will occur Saturday.

The Eldorado school will hold a basket social the night before Thanksgiving. The Davis school, of which Miss Eva Irwin is teacher, cleared \$82 from a basket social, which they gave last week.

ATTEMPTED MURDER.

Christian County Farmer Fired On by an Unknown Assassin.

An attempt was made late Sunday night to assassinate Thomas Ryan, a young farmer living nine miles north of Taylorville. One bullet of three fired took effect in Ryan's right shoulder, inflicting a painful though not necessarily a dangerous wound.

Ryan had attended services at the Prairie Lea church and after the services accompanied a young woman home. He had just left the girl when the three shots were fired at him. The shot that struck him passed through a side curtain of his buggy, while the other two bullets went wild.

After the shooting Ryan hurried home and summoned medical attendance. After considerable probing the bullet was located and extracted. Ryan is 22 years old and says he has no idea who his assailant is.

QUALITY IS GOOD.

The New Corn Crop Is Better Than Had Been Supposed.

The tests made at the Decatur mills prove that the quality of the new corn is better than had been supposed. At the Shellabarger mills several tests of twenty-four hours run have been made and the statement is made that the quality of the corn proves to be better than is seen in many years and far above what the millers had been led to believe by reason of all the complaints made since last summer that the grain was generally light and no good.

Deaths Recorded.

J. E. Osborne to the city of Decatur, the north half of lot 1 in block 2 in North addition to Decatur; \$1000.

W. S. Grubbs to N. J. Jacobs, the west half of the southeast quarter of the northwest quarter of section 10, township 16, range 2 east; \$500.

Charles Weaver to John M. Peyton, lot 5 in D. Bellamy's subdivision in the southeast quarter of the northeast quarter of section 10, township 16, range 2 east; \$1000.

Lizzie J. Wood to James L. Stanford, lot 6 in block 2 in Oklahoma addition to Decatur; \$1000.

Horton I. Baldwin to Isiah S. Richmond, lot 11 in C. W. Battles' subdivision in the southeast quarter of the northeast quarter of section 10, township 16, range 2 east; \$1200.

Home From Iowa

John Nims and wife returned yesterday from Alta, Ia., where they were married two weeks ago.

George A. Keller and Ed Edmondson left yesterday for the rice lands of Louisiana.

AJEKYL AND HYDE

Policeman Sherwell, of Evans-
ville, is Believed to be the
Strangler

FACES THE AWFUL CHARGE

Without Flinching and Tells the
Authorities They Must
Prove It.

Evansville, Ind., Nov. 19.—In Patrol-
man 8, Sherwell the Dr. Jekyll
Mr. Hyde of Evansville.

He played the part of policeman
in the role of a felon?
The man with whom Sherwell
was associated in the city as a guardian
of the peace deserves the name. Out
of the problem may be worked a start-
ling solution.

MAN WHO IS UNDER ARREST

Policeman Sherwell is 35 years of
age, married and resided with his fam-
ily consisting of his wife and two child-
ren, a boy, 4 years old and a girl aged 6,
at 211 West Maryland street.
He was appointed to the police force
August 21, 1900. Formerly he was em-
ployed as a night watchman at the Holtz
Milling company. His application for
a membership on the department was
endorsed by many prominent citizens and
was carried for the murder of Lena Ren-
ner, who was shot in the chest.

ONE MAN MAY HAVE MURDER- ED ALL.

Four women and possibly a fifth have
been within two years at the hands
of a stranger. From the number of
deaths and the apparent delibera-
tion with which they were planned the
case have formed the theory that not
only the murders were conceived in
cold blood of one man.

A warrant issued at the instigation
of Attorney John P. Wilkes, Policeman
Sherwell is charged with having mur-
dered Miss Lena Renner, whose body
was found in a creek on the outskirts
of Evansville at 5 o'clock on the even-
ing of Nov. 11.

In this identical spot and under the
same circumstances Mrs. Mary Anne
Stark was strangled to death on the
evening of April 3, 1900. Not a bruise
was visible on Lena Renner. Slight
finger marks on the throat told the man-
ner of her death. The murderer pro-
ceeded calmly to his task and executed
it with apparent ease. Swift, sure and
terrible punishment was meted out to
his victim. Not a trace of the murderer
was left behind.

To all appearances the woman had
died from natural causes. The post-
mortem examination revealed that her
windpipe was severed. In the stomach a
small quantity of morphine was found.
The poison would indicate that the fiend
had drugged his victim and strangled
her while she was in a helpless stupor.

Early in the morning of November
12 the dead body of Mrs. Georgia Bailey
was found on the First avenue road one-
half mile west of the city. Her neck
was broken. That she struggled with
her merciless slayer was evident from
her clothing, which was torn in several
places. Her hair was disheveled, her
face could not be found. It was es-
tablished at the autopsy that death had
occurred 12 or 15 hours before the body
was found. From this the police decided
that both murders were committed on
Monday night, probably between the
hours of 9 o'clock and midnight. Miss
Renner and Mrs. Bailey had both told
their friends they had made an ap-
pointment to go out riding in the night,
but they did not disclose the name of
the man who was to accompany them.

THE EVIDENCE AGAINST SHER- WELL.

The first line of inquiry was to ascer-
tain to whom the vehicles belonged. At
none of theivery stables was there a
record of a vehicle of any kind having
been rented to a stranger or suspicious
character on the night of the murders.
Then began an investigation among pri-
vate vehicle owners.

Policeman Sherwell owned a surrey,
and according to several persons, had
been out riding on Nov. 11, and
23 and return until 11 o'clock.
He was unaccompanied when he left
home, according to police information.

This came another link in the chain
of suspicion, trifling but significant. Here
was a man under the cloud of a crime,
who he was supposed to be innocent.

Each day since the murders
were discovered he had gone to the chief
to make a report of his work on the
previous day.

"Nothing new," he would always say,
and then left the office as silently as he
came. Yesterday morning he appeared
at police headquarters as usual.

"Good morning, chief," he said, smil-
ing.

He did not return the salutation,
but placing his hand on Sherwell's
shoulder, said: "You are wanted at once
at the prosecuting attorney's office. You
must be needed there all day."

After an hour spent with that official
Sherwell was escorted to the corner's
office. He was told that he was sus-
pected of the murder of Lena Renner
and confronted with the evidence
against him. He protested his innocence
but during his conversation with Cor-
oner Walker made several contradictory
statements as to his whereabouts on
the night Lena Renner was killed.

SHERWELL AT THE WOMAN'S HOUSE.

At the formal inquiry Mrs. Nellie
Parker testified that Sherwell was at
his home on Monday night last and
remained about twelve minutes.

the same house with Lena Renner, tes-
tified that while passing through the rear
yard about 7:30 o'clock Monday night
she encountered Sherwell. He asked her
where he could find Lena. Miss Spencer
replied that she was in the house.

"Then she asked Sherwell said: 'I want
to take her buggy riding and go to a
country dance.'"

Other witnesses testified that they
saw a surrey near Lena Renner's the
same night and its description corre-
sponded with the one owned by Police-
man Sherwell.

Charles Fisher states that he called
on Lena Renner about 8 o'clock Monday
night. He said she seemed anxious
about something and he asked her the
cause. She replied, he testified, that
she had an engagement to go buggy rid-
ing, but didn't believe the man would
keep the appointment.

"Shortly after," added Fisher, "I
heard a knock at the door and the vic-
tor was welcomed by the girl. He did
not enter the room where I was nor
could I recognize his voice."

The testimony of Policeman Ira Wil-
shire was to the effect that at 11 o'clock
Monday night he saw a surrey which
he recognized as that of Sherwell's pass-
ing Fulton avenue at the intersection of
Columbia street.

He did not see the driver. The ve-
hicle was going towards Sherwell's
home.

It is said that Sherwell is the only
person in his block who owns a rig and
some of his neighbors say they heard
a buggy driven into the alley about 11
o'clock.

Mrs. Fannie Butler, a mulatto, was
choked to death on May 13 last in a
stable back of the old Bennett residence
which is on Sherwell's bent. Absolutely
no clue was shown to the murderer.

A short time previously Jennie Wil-
liams, a colored girl, was found dead
in her home. She lived near the Butler
woman. It was hinted by neighbors
that she had met with foul play. No
post-mortem examination. It is said, was
held and heart trouble was assigned to
be cause of her death.

TRUSTING WIFE IS HIS FRIEND.
Sherwell's wife has shown the most
unwavering devotion to him and firmly
insists he is innocent of the terrible
crime of which he stands accused.

She is a sweet-faced, tender and trust-
ing little woman. In spite of the un-
pleasant revelations concerning her hus-
band's relations with Lena Renner and
other women she is unwilling to believe
he has led a bad life.

"He has always been kind and good
to me," she said, "and he is a model
father. I know Wilber is innocent and
no matter what they say I shall be
loyal to him."

When first questioned Sherwell told
Coroner Walker that he had not called
on Lena Renner since last February.
Pressed on this point he admitted that
he was there a day or two before the
night she was murdered.

Sherwell also acknowledged that on
this particular occasion he had his sur-
vey hitched on Sycamore street near
the girl's home.

WIFE ADMITS IMPORTANT FACT.
The most damaging evidence against
Sherwell was that given by his wife.

Mrs. Sherwell originally corroborated
her husband's statement that he had not
taken the buggy out Monday night. Lat-
er Chief of Detectives Peck went to
her house and told her that Sherwell
had confessed to him that he was out
riding.

Mrs. Sherwell broke down and said:
"Yes, he was out in the surrey that
night but only for a short while."

Sherwell did not display the least sign
of nervousness when the murder was
read to him.

"You have made a charge," he said,
"and now you have got to prove it.
I will say no more."

Coroner Walker declares that evidence
is accumulating to show that Sherwell
is implicated in other murders.

DECLINE TO QUIT

Memorial Association at Washington Re-
fuses Canton Request.

Washington, Nov. 19.—The William
McKinley Memorial association, hav-
ing received a request from the associa-
tion for the erection of a McKinley
monument at Canton, that it suspend its
appeal for contributions until the fund
deemed necessary for the erection and
maintenance of the Canton monument
has been secured, has determined it
would be unpracticable to do so, be-
cause the long indefinite delay involved
would mean the defeat of its purpose. A
proposition has been sent the Mount-
ain association looking to harmony of ac-
tion.

TROOPS WILL START.

To the Relief of Miss Stone and Her Com-
panions.

Bohn, Nov. 19.—It is reported that
Dickinson, United States diplomatic
agent here, has informed the govern-
ment of Bulgaria that the abduction of
Miss Stone and Miss Tolkia, with their
captives are concealed in a dell in the
Belleitza mountains, near Sushitche,
district of Roubitza, and has requested
that troops be sent to surround the place
and liberate the captives. Both Dick-
inson and the Bulgarian officers decline
to confirm the report. Nevertheless it
is believed that Dickinson is persuaded
of the impossibility of coming to terms
with the brigands and relying upon the
belief that they will not harm the cap-
tives if troops are employed against them,
has, after consulting with Wash-
ington, decided upon this move. Only
eight hundred men guard Miss Stone and
some of these are known to sympathize
with her. About a fortnight ago Dick-
inson approached the foreign officers and
proposed this same plan, but its carry-
ing out was abandoned because of the
uncertainty of the location of the band-
its.

A PRETTY MESS

Conflicting Court Orders Place
State Board of Equal-
ization

IN AN UNPLEASANT POSITION

Can't Make a Single Move
Without Being in Con-
tempt

Springfield, Ill., Nov. 19.—An order
was entered this afternoon by Judge
Grosscup of the United States circuit
court restraining the state board of
equalization from assessing the property
of the Chicago Union Traction com-
pany and the Chicago Consolidated Traction
company on franchises and capital
stock for the year 1900 until further
orders. The federal court order was
received tonight. Judge Humphrey
signed the order and Clerk Jones issued
the summons to members of the state
board of equalization. The injunction
will hold until the hearing of the case
by Judges Grosscup and Humphrey in
this city on Thursday. The members
of the state board of equalization stated
the capital stock committee had con-
cluded the work of assessing the Chicago
corporations named in the mandamus
order issued by Judge Thompson and
all that remained to be done was to
make a report to the state board. Whether
the report of the committee will be
adopted is a question and if not two
reports probably will be made to Judge
Thompson of the Sangamon circuit
court Friday, when the state board is
ordered to make returns as to how they
have obeyed the writ of mandamus.

BETWEEN TWO FIRES.
Chicago, Nov. 19.—Judge Grosscup of
the United States district court, issued
an ex parte injunction today restrain-
ing the state board of equalization from
assessing the franchises of the Union
Traction and Chicago Consolidated Traction
companies. This step was taken
by the traction companies with the view
of combatting the ruling of Judge
Thompson of the state court, who issued
a writ of mandamus requiring the state
board of equalization to assess the cap-
ital stock of the Chicago corporations.

By the decision of the federal and
state courts the board of equalization
is brought up standing at the fork of
a road, either way leading toward jail.
Acting under the state supreme court de-
cision Judge Thompson of the Illinois
circuit court ordered the board to make
a report with the capital stock assess-
ment for 1900 including the traction
companies and return the assessment
not later than Friday or go to jail. If
the board obeys the order it will be in
contempt of the United States circuit
court for a violation of Judge Gross-
cup's temporary injunction writ. If the
board obeys Judge Grosscup's order it
will be in contempt of the Illinois cir-
cuit court for violating Thompson's man-
damus writ.

Bohn, Nov. 19.—In official circles
the correctness of the Washington dispatch
to the London Globe to the effect that
Dr. Von Holleben, the German ambas-
sador at Washington, carried with him
a completed commercial treaty with that
country, is denied. The statement from
Washington is considered impossible, in-
asmuch as the German tariff has not
yet been finally determined. German offi-
cials consider the prospects for final suc-
cessful negotiation of a commercial
treaty with Washington has never been
better than today. Dr. Von Holleben's
recent utterances concerning Emperor
William's attitude toward the United
States has been widely reprinted in Ger-
many and received extremely favorable
comment.

Columbus, O., Nov. 19.—Lizzie Ruth-
ven escaped from the female department
of the Ohio penitentiary during the
night. She went over a wall and is
supposed to have had assistance from
the outside. This is the first escape
ever made from the female department.
Mrs. Ruthven was serving a six-year
sentence for receiving stolen goods. She
is the wife of Edward Ruthven, who
was electrocuted here last summer for
the murder of a Cleveland policeman.

Chicago, Nov. 19.—Because of the pre-
ponderance of "bosons" employees in the
National Teamsters' union, Chicago
branch, has withdrawn from the na-
tional body and taken out incorporation
papers under the laws of Illinois. About
35,000 teamsters have membership in
the local union. It is claimed the seces-
sion from the national union will
extend all over Illinois and to every city
of importance in the nation.

Paris, Nov. 19.—M. Jules Siegfried lec-
tured tonight on his recent tour of
America. He predicted the present cen-
tury would see the United States the
greatest and most powerful commercial
and industrial nation of the world. "If
France is wise," he said, "she will not
delay to take advantage of America's
traditional friendship in order to secure
means by which to secure a give and
take policy to get a fair share of this
vast, unlimited and ever-increasing com-
mercial enterprise beyond the Atlantic."

Centennial, Nov. 19.—Mrs. Mary Mau-
nelling and her four-year-old daughter,
Edith, were burned to death at Xenia.
The child's clothing caught fire from
a stove and the mother in trying to
save her was fatally burned.

Fuelito, Cal., Nov. 19.—Lizzie Allen,
wife of Ephraim Allen, and William
White, a water pipe foundry man, both
colored, were shot and killed today by
Robert Hicks, a negro.

LOST IN A FOG

Chicago Enveloped and Many Accident
Result.

Chicago, Nov. 19.—A dense fog was
responsible for numerous accidents and
collisions here early today.
In a collision between two Metropoli-
tan elevated trains one person was killed
and twelve injured.

Collisions are also reported on other
elevated, steam and surface lines.
The fog was one of the most dense
Chicago has experienced in years.
The Metropolitan "L" collision was
between a train carrying factory work-
ers and an express train, both running
east. Both trains were crowded. The
killed:

THOMAS MEANEY, aged 18,
The seriously injured:
Fred Jones,
William Upton,
Charles Gallagher,
Howard Canoutis.

Later in a collision on the Lake
street elevated C. F. Ireland was fatally
injured. Harold Soderburg and Frank
Munn, motorists, and Anna Carr and
J. W. Cheney, more or less injured.

There were a great number of collis-
ions between vehicles and surface lines
due to the fog and police say scores of
people were slightly hurt. Every ambu-
lance in the city was kept busy from
5:30 until 9, when the fog cleared away
carrying the injured to their homes and
to hospitals.

At Thirty-third street a Rock Island
suburban ran into the rear of a Lake
Shore train, but aside from smashing
the platform and the cowcatcher of the
engine, no damage resulted.

Traffic was badly delayed all over the
city.

Later in the day news of another col-
lision which occurred on the Metropoli-
tan reached the public. The train of
which Otto Leinhardt was conductor,
was overtaken by another train. Lein-
hardt heroically stood on the rear plat-
form frantically waving his signal lan-
tern, while the passengers fled inside.
His efforts were in vain. He was crush-
ed to death. In all there were nine col-
lisions on elevated structures.

RECIPROCITY CONVENTION

Speakers Drift From the Subject and Dis-
cuss Straight Tariff

Washington, Nov. 19.—The sessions of
the national reciprocity convention be-
gan here today with 200 delegates. Theo-
dore C. Search of Philadelphia, who was
elected chairman, in outlining the
work of the convention, said the aim
was to forestall tariff agitation and to
encourage it, adding that the reciprocity
that is wanted today is one of actu-
ally giving and taking of concessions
that will open wider for the United
States markets the world and broaden
distribution of our products.

The convention adopted resolutions
pledging to Roosevelt its support and
expressing confidence in his adminis-
tration.

The committee announcements and
reading of papers, largely technical, oc-
cupied the afternoon session.

The night session was devoted to the
subject of reciprocity with the Spanish-
American countries and developed the
fact that delegates are having a difficult
time in avoiding making straight out-
right tariff speeches while striving to
confine themselves to a discussion of
reciprocal reasons. Messrs. F. B. Thur-
mer of New York, Secretary Hoffman
of the Kansas City Millers' association,
Colonel J. F. Supple of Baltimore,
Charles A. Scherer of New York, W. B.
Hlee of Boston, H. T. Atkins of South
Bend, Ind., in turn had the floor.

Los Angeles, Nov. 19.—The dead bod-
ies of A. H. Wilcox, his wife and their
two-year-old son were found in their
home at Downey, twelve miles from this
city, today. All the bodies were horri-
bly mutilated and the bloody condition
of the premises indicated the murders
had been met with fierce resistance.
Wilcox and family was shot and literally
cut to pieces with a knife. The crime
was discovered when a neighbor called
at the home and found the place aban-
doned. Forcing the door he
found the dead bodies of the murdered
family stretched out on the floor. The
woman had been shot while carrying a
plate from a stove to a table. The baby
lay in the middle of a room, while the
dismembered body of the father was
stretched near the door. It is supposed
the crime was committed two or three
days ago. No clue to the perpetrators
has yet been found.

Toledo, O., Nov. 19.—Anna Evans,
alias Tessie Hamilton, Tessie Ellis and
Mary Murray, for whose possession the
officers of three states fought at the
Union station last Saturday, were again
turned over to a Boston detective this
afternoon and he is taking her to Bos-
ton tonight. The woman is wanted in
Massachusetts, Wisconsin and Illinois
and a number of other states.

San Chitric, Wis., Nov. 19.—Dr.
Dwight Washington Day, one of the
leading physicians in this section of the
state, dropped dead this afternoon while
reading a paper before the Interstate
Medical society. Apoplexy was given as
cause of death. He was born in
New York in 1841 and served as surgeon
of the union army. He was a member
of a number of fraternal organizations.

Washington, Nov. 19.—The annual
report of the commissioner of internal
revenue shows total receipts for the
years ended June 30, 1901, \$300,871,040,
or \$11,555,591 in excess of the estimate
and about the same amount in excess
of receipts for the year ended June
30, 1900, and \$33,000,000 in excess of
the receipts for 1899.

Upper Sandusky, O., Nov. 19.—The
United States Telephone company filed
a million-dollar mortgage here to the
Cleveland Trust company on all its prop-
erty in Ohio.

SEIZE STEAMER OUR DIPLOMACY

English Authorities Stop Vessel
Loaded With Supplies
For Boers

BANNERMAN UNDER A CLOUD

For Saying He Despairs of
Overcoming Peril Facing
the Country

London, Nov. 19.—The government has
caused the detention of a British
steamer which was fitted out ostensibly
for a pleasure cruise at the Victoria
docks, on the ground that the vessel
was laden with contraband war material
destined for the Boers. A searchlight
examined the steamer's most brought her
under suspicion and it is said a subse-
quent search disclosed four field guns,
a quantity of materials for the manu-
facture of powder and that the vessel
is fitted up to accommodate 500 to 600
men. The captain says the instructions
from his employers directed him to call
at Hamburg after leaving the Thames.

BANNERMAN BECOMES UNPOP-
ULAR.

London, Nov. 19.—Sir Henry Camp-
bell-Bannerman is subject to much ac-
cuse comment, having declared in a
speech last night at Plymouth, that
he despaired of overcoming the peril
now facing the country in South Africa,
so long as Chamberlain and Lord Milner
remained in the present offices.

London, Nov. 19.—Fifth tomorrow
will say the hereditary Prince of Hohenz-
olheim-Langenburg and Prince of Hohenz-
olheim-Oechingen, visited Emperor Wil-
liam at Potsdam November 15th, and
acquainted him with the fact that the
Grand Duke and Grand Duchess of
Hesse would be divorced on the ground
of "insuperable personal aversion," all
efforts to arrange a modus vivendi hav-
ing failed.

KUBILEK COMING.
London, Nov. 19.—Jan Kubilek, a Bo-
hemian violinist, who will start tomor-
row for the United States, gave his
final recital in London today at Queen's
hall. At the close there was a scene
of enthusiasm rivaling Paderewski's re-
ception. Women strangled the platform,
and insisted upon shaking hands with the
performer and presented to him a huge
doral crown and three bouquets of flow-
ers at him.

HQ OFFICE BUILDING.
London, Nov. 19.—The Anglo-Ameri-
can syndicate applied to the London
county council yesterday for a lease for
nine hundred and ninety-nine years of
a site on the north side of the strand
with a frontage of 750 feet and with
still longer frontages on the new streets
debouching on the strand for the erec-
tion of an office building on American
lines. The structure, which will cost
£2,000,000, will be the largest and hand-
somest of its kind in the world.

St. Paul, Nov. 19.—Governor Van
Sant is determined not to have a con-
solidation or a combine between the
Northern Pacific and Great Northern or
any other competing lines in the state.
He has sent a special messenger to find
Attorney General Douglas in the north-
ern Minnesota woods and request him
to return, so that consultation may be
held with regard to the railway situa-
tion.

The first step will be to learn from
the attorney general what legal steps
are necessary to bring the matter to a
final issue as speedily as possible. If
General Douglas requires assistance, the
governor promises to engage the best
legal talent that can be had, either in
this or outside the state. The governor
has received no telegrams or other ad-
vice from the governors of neighboring
states as to what action they will take
but it is expected the fight will be taken
up in all the northwestern states, sev-
eral of which have laws similar to Min-
nesota prohibiting the consolidation of
parallel and competing lines of rail-
roads. The laws of North Dakota, Min-
nnesota and Washington are said to be
identical with those of Minnesota.

Washington, Nov. 19.—Treasury offi-
cials feel no apprehension whatever on
account of the exportation of gold. Sec-
retary Gage today said he would not
make at this time any statement in re-
gard to the matter, but it is known he
regards the shipments as a very natural
movement in view of the quite general
demand for money in Europe, and he
believes there is nothing in the situation
to cause the least uneasiness. On the
contrary treasury officials say the busi-
ness affairs of Europe within the last
few years have become so intimately
connected with our own that a monetary
stringency or disturbance if any there
be, should be deplored and if possible
relieved for the common good and if at
this time there is unusual demand for
money in several European financial
centers it is to be expected, it is said,
that United States investors would take
advantage of the increased interest rates
and ship funds to the best market. Of-
ficials do not believe, however, the ship-
ments will assume very large propor-
tions, especially as any considerable
withdrawals would so increase the rates
at home as to make foreign shipments
unprofitable.

Toulon, Ill., Nov. 19.—Edward Van
Dyke shot and killed Dick Hayes last
night. The murder was committed at
Van Dyke's home near Osceola, ten
miles northeast of Toulon.

Caracas, Venezuela, Nov. 19.—The
German cruiser Falke and the training
ship Stien have arrived at La Guayra.
The cruiser Veneta and training ship
Moltke are also in Venezuelan waters.

SECRETARY HAY SAYS BRIEFLY IT IS MONROE DOCTRINE AND THE GOLDEN RULE

At the Banquet of New York
Chamber of Commerce—A.
B. Cummins Speaks

SOME NOTABLE MEN GATHER

For Saying He Despairs of
Overcoming Peril Facing
the Country

New York, Nov. 19.—The one hundred
and thirty-third annual banquet of the
chamber of commerce was held this
evening. Covers for 450 were laid. At
the table of honor, presided over by
President Morris K. Josp, were

HUNDRED PERISH

Miners at Telluride, Colo., Imprisoned in a Flery Furnace

WORK OF RESCUE PREVENTED

by the Gas and Smoke That Filled the Passage Way

RE TAKING OUT THE DEAD

It is Thought That at Least Eighty Men Are Dead.

Telluride, Colo., Nov. 20.—By a fire in the hollow tunnel thirty lives were lost today. Seventeen bodies have been recovered. The fire originated in the buildings at the mouth of the tunnel and spread to the terminal station which with the ore bins, machinery and supplies is in a mass of ruins. The day after the fire broke out the mine and reached their stations when the fire broke out. The tunnel acted as a great fire and smoke poured in and filled the shafts. About 170 men were at the mine when the fire broke out. The fire rapidly burned itself out but the mine was so filled with smoke that it was six hours before rescuing parties could penetrate the shafts where the less fortunate were. At 1 o'clock the first body was recovered and at 3:30 a second. Eugene H. Hough, 41, O'Neill was found alive but is not expected to recover.

It is now believed the loss of life in the hollow tunnel of Sanaguel Union mine will reach 100. The first body was taken out at 1 o'clock and at 8 twenty-two bodies had been recovered. These have all been identified as follows:

AUGUST JAANTA.
ALLEN HENDERSON.
CHIRIS MAKI.
TOFFETFOOT KIHOS, shift boss.
WILLIAM WACHFIELD.
JOHN PETERSON.
WILLIAM JONES.
WILLIAM GRAHAM.
FRANK JADRA.
GUS SUNDHOLM.
ORITA REHATTA.
ANTON ANEL.
JOHN GLOSSON.
LEWIS BEHGIN.
E. DAHLSTROM.
JOHN AHO.
MILK SIVAK.
ALEX. SOLOMAN.
SOREY BARKLEY, time boss.
JAMES SUNSTROM.

Hugh O'Neill, the engineer, who was taken out alive, is not expected to live. Every physician in Telluride was summoned to the mine and kept busy attending to the rescuers who were overcome with gas. Seventeen of the twenty-two bodies were found on the seventh level. Between 75 and 80 men were working on the ninth level and this has not yet been explored. On account of the gas these levels could not be entered because of danger of suffocation for twelve hours after the flames started.

SENSATIONAL REPORTS

That Queen Draga Has Been Shot—Stories Confict.

Paris, Nov. 20.—An unconfirmed report reached Queen Draga had been shot at in the streets of Belgrade. The News French Presse and other Vienna papers publish various rumors, one declaring the Serbian queen assassinated and another that she was wounded and the third that she committed suicide.

Reports from other sources deny the statement that Queen Draga was killed and asserted that the rumor of her death was based by a hysterical scene with King Alexander. There is no reliable information on the subject here but it is generally believed a serious crisis is expected in Belgrade.

NEWS AT PARIS.

Paris, Nov. 20.—According to a despatch from Vienna to the Echo de Paris, an attempt was made to assassinate the queen of Serbia, three shots having been fired at her while she was driving near Semlin. The despatch to the same paper from Belgrade gives the rumor that the queen attempted suicide at Semlin.

Republican Gets It

Frankfort, Ky., Nov. 20.—The court of appeals today reversed the judgment of the Franklin circuit court which sustained the decision of the state election board in giving the office of attorney general to Judge Robert J. Breckinridge, and Hollis Clinton J. Pratt of Hopkins county, the republican nominee in the legal office. The decision of the court is final and directs Breckinridge to retire immediately from the office. Breckinridge was on the democratic ticket headed by Buchel for governor two years ago and Pratt was on the republican ticket headed by Taylor.

Favors Naval Militia

Washington, Nov. 20.—Assistant Secretary of the Navy Hackett in his annual report covering matters coming under his supervision strongly urges a continuance of the organization of the naval militia notwithstanding the lack of interest displayed by some states. He states the navy department stands ready to give all possible assistance to the various state organizations. He renews his recommendation of last year as to the need of a naval reserve.

Collins For Mayor

Boston, Nov. 20.—Hon. Patrick Collins was named for mayor at the democratic municipal convention tonight.

ONE PASSENGER KILLED

By the Breaking in of C. D. & Q. Stock Train—See Injured.

Stirling, Ill., Nov. 20.—A Chicago, Burlington & Quincy stock train broke in two near Walnut this morning and the rear section and caboose ran down grade and collided with a freight engine, killing one passenger, who was burned in the wreck, and injured nine others. The dead:

JOHN J. HESSE, farmer, Erie, Ill. The injured:

J. A. Baker, Pleasant Valley, Ill.; slightly.

Harry Buck, Iowa City, Ill.; head and leg injured.

F. H. Carl, Bennett, Ill.; slightly.

Daniel Donovan, Iowa City; slightly.

F. H. Hawson, Clinton, Ill.; severely cut about the head.

Benjamin D. Hughes, Iowa City; slightly.

G. M. Hunter, residence unknown; internal injuries; serious.

A. W. Haley, Solon, Ill.; internal injuries; serious.

Charles Swift, Morse, Ill.; slightly.

Five carloads of cattle were wrecked and most of the animals killed.

\$3000 TO GET \$4 THIEVES

English Crooks Steal Mrs. Lee's Purse and Trunk.

Atlantic City, N. J., Nov. 20.—Mrs. Hannah Lee of New York had her pocket picked while in Washington at the last presidential inauguration. Her purse, containing \$1 and a few trinkets, was stolen. Two English thieves were arrested for the robbery and each gave \$1500 bonds and then fled to England.

The security company that furnished bail sent a detective after the men, and recently they were captured in London. The prisoners will arrive in New York in a day or two and will be tried in Washington for stealing Mrs. Lee's purse.

It has already cost the authorities over \$3000 to apprehend the men. They were, when arrested, positively identified by Mrs. Lee as the men who picked her pocket.

BRIGANDS DEMAND RANSOM

Imprisoned Two Seattle Men in a Big Ship.

Seattle, Nov. 20.—Lynn E. Knapp, ex-governor of Alaska, and E. H. Wells, editor of the Evening Star, were trapped in the big 100-foot steamship on Queen Anne Hill by three small boys and held prisoners for three hours.

The boys backed the doors after Wells and Knapp went into the pipe to inspect the boiler.

Threats and entreaties had no effect on the youthful brigands. They demanded \$10 ransom which was indignantly refused. Finally Wells found a pickaxe in the bottom of the pipe. By working in shifts the ex-governor and the editor broke the door and escaped. The diminutive brigands took to the woods.

An Old Divorce Suit

New York, Nov. 20.—An old divorce suit is being aired here, in which the wife seeks to repudiate a former divorce granted in the state of Washington.

Harriet Lacey, the former wife of Frederick F. Lacey of the firm of Douglas, Lacey & Co., wealthy stock brokers, procured the first divorce in the state of Washington on Aug. 2, 1891. Now she alleges that the Washington divorce is invalid and that Mr. Lacey's second wife, Caroline Lacey, sister whom he married on Feb. 23 last, has no legal standing as such. In fact, she alleges Mr. Lacey's bride as corespondent in the new action.

The plaintiff says that the defendant intends to retire from business, having accumulated a fortune in excess of \$100,000. She says that she will apply for \$50 a week alimony and \$1000 counsel fees. It is believed that the change in financial condition of Lacey is responsible for the wife's suit. The chief contention is whether both were residents of Washington at the time of the suit. Lacey says he was, the wife denies it. Under the Washington decree there was little or no alimony allowed.

Denounce Reformers.

Fort Worth, Texas, Nov. 20.—The nation convention of the W. C. T. U. ended two regular sessions this evening with the adoption of a sensational declaration on the attitude of reform forces in New York city in respect to partial open schools on Sunday, which was vigorously denounced. Organizers, lecturers and evangelists for the coming year were appointed. An official statement was made that the total membership of the W. C. T. U. is about 200,000, and the paid membership 100,000. The largest local union is at Portland, Me., 265 members.

Deaths of the Day.

MAJOR WAYNE.

West Chester, Pa., Nov. 20.—Major William Wayne, president of the Society of Cincinnati, and for several years president of the Sons of Revolution, died today, aged 72 years.

CHILD BURNED

Pomona, Mich., Nov. 20.—Two children of Frank Smith, aged 8 and 10, were burned to death this evening. They were in the house with their grandmother, who was taken out of the window badly injured. The children were in bed and the house was destroyed.

Served the Papers

Constaty Fred Miller went to Hoody yesterday and served papers on Henry Sour. Dismissing him, of property which he occupied. The action of the constable was the result of a boy suit which has occupied the attention of the people of Hoody for some time past.

To Arrange For Dinner

The Ladies Aid society of Grace Methodist church will meet this afternoon at 2:30 o'clock at the church to make arrangements for the annual dinner to be given on the 12th of the coming month.

Madrid, Nov. 20.—The explosion of cartridges at Barraca at Coruna today killed three artillery men and wounded seventeen others.

HE SURRENDERS

Will Mathis, the Mississippi Moonshiner Grows Tired of Pursuit

AND GIVES HIMSELF UP

Enticed Deputy Marshals to His Home and Murdered Them.

Oxford, Miss., Nov. 20.—Will Mathis, charged with the murder of two deputy marshals named Montgomery, walked in to the town of Oxford, 12 miles south of here and surrendered himself. Mathis has been closely pursued by a large posse with bloodhounds and realizing his capture was certain, the fugitive voluntarily gave himself up and asked for protection. He was turned over to a posse and started for Oxford, but it is understood at a late hour tonight he will not be brought to this city for fear of mob violence. When the news reached Oxford the streets were crowded with excited people. Bonfires were built and threats of lynching were made on all sides, but at 11 o'clock the excitement had abated. The officers say they will protect the prisoner at all hazards.

IN COURT AT OXFORD.

Oxford, Miss., Nov. 20.—A posse of citizens brought in George Jackson this evening and placed him in jail. He is a brother of Bill Jackson, also in jail for being an accessory to the killing of the two marshals. George Jackson, it is said, was with Mathis until this morning. A negro, Orlando Lanier, arrested Sunday, confessed the details of the horrible crime. He states Mathis induced the officers to spend the night at his house and shot them after they had gone to bed, the negro holding a lamp. The negro procured the gun for Mathis from Mat Owens, Mathis' father-in-law. The latter loaded the gun with buckshot and sent it to Mathis. Mrs. Mathis confessed being in the house when her husband led to the killing. She left for her mother's house soon afterwards. Mathis carried the bodies of their watches, money and pistols and pulled the bodies on the floor, placed a straw mattress over them and set it on fire. Mrs. Mathis and the negro both admit that Bill Jackson, who left before the shooting occurred, tried to prevail on Mathis not to commit the crime. A guard has been placed around the jail, as there are threats of lynching the prisoners.

KILLED IN SELF DEFENSE

Union Man Attacked by Strikers Pines With Fatal Effect.

Chicago, Nov. 20.—The contest between the union and non-union men at the All-Chambers machine shops in this city where a strike was in progress for several months, resulted tonight in the killing of a union man patrolling the factory district in disregard of Judge Keldahl's injunction. The dead man is supposed to be George Trapp. His slayer was Andrew Burkhauser, who recently came here from Baltimore. Trapp, in company with another man, attacked Burkhauser and another non-union man and killed Burkhauser with a piece of gaspipe. While he lay on the ground Burkhauser drew a revolver and fired at Trapp, the bullet striking him in the left eye. Death resulted in a short time. Burkhauser was arrested.

BOER COLONEL WILL WIN

Will Be Elected to Parliament from Gaiety.

Dublin, Nov. 20.—It is now regarded as certain that Colonel Arthur Lynch will succeed in the parliamentary contest in Galway, where he is opposed by Maurice Thibault, minister. The fact that he claims the rank as colonel in the Boer army and if he sets foot on English soil will be arrested and sent to South Africa for trial. Bad weather has tended to cool election animosities, but there was considerable disorder again today which kept a large force of police busy. There are continual calls for police to prevent or suppress conflicts. The prisons are overflowing with arrested persons and it was a common sight today to see persons walking about with bandaged heads.

WORK IN LOCAL OPTION

Anti-Saloon League to Begin Vigorous Campaign.

Springfield, Nov. 20.—The headquarters committee of the Illinois State Anti-Saloon league this afternoon voted that the superintendent and assistant should personally visit fifty of the largest counties, to secure and ascertain whether the church leaders and moral forces will take vigorous hold of the question and begin at once a movement to secure the nomination and election by various parties of legislators who will vote for a comprehensive local option bill.

Convicts Indicted.

Leavenworth, Nov. 20.—The coroner's jury investigating the killing of Guard Walbridge, who was shot by one of the escaping prisoners from Fort Leavenworth prison November 8th, today returned a verdict holding Fred Robinson and Gilbert Mullins and Frank Thompson and James Brown, students, guilty of murder and the other twenty-two inmates guilty of conspiracy to commit murder. Four of the principals were armed with shotguns. Nine of the convicts are still at large.

Pabst Declines to Pay

St. Joseph, Mo., Nov. 20.—The state beer inspection law was attacked in the federal court here today by Pabst of Milwaukee. He refuses to pay the increased tax of ten cents a gallon on the ground that the act is a violation of the fourteenth amendment to the constitution.

Hickey's Let us

Milwaukee, Nov. 20.—The indications are that Hickey's new baseball league will have a club here next season. It is also probable the American league team will remain here.

MRS. RICKARD RE-ELECTED

As Secretary of the Rebekah's Proceedings of Grand Lodge.

Springfield, Ill., Nov. 20.—The grand lodge of Illinois Odd Fellows convened in representative hall this morning, with 1000 delegates present. Grand Master James R. Kewley of Chicago presided. Grand Secretary Miller, in his annual report, showed that during the past year thirteen new subordinate lodges were instituted, making a total of 880; total membership of 61,438, being a net gain of 2101. The amount paid out for relief was \$102,230. The revenue for the year was \$285,200. The total expenditures were \$273,460, and the net worth of subordinate lodges, \$1,020,500.

The number of lodges in the Rebekah assembly is 541, an increase of 17, with a membership of 28,120, an increase of 657. Total receipts, \$87,200; expenditures, \$30,600.

The grand lodge of Illinois Odd Fellows elected the following grand officers this morning:

Grand Master—J. W. Yantis of Shelbyville.

Deputy Master—Charles S. Harris of Decatur.

Wardens—J. B. Brown of Vandalia.

Secretary—J. R. Miller of Springfield.

Treasurer—T. B. Needles of Nashville.

The Daughters of Rebekah elected the following officers:

President—Mrs. Maud Hayward of Aurora.

Vice President—Mrs. Mattie Van Duser of Chicago.

Secretary—Mrs. Loh L. Rickard of Decatur.

Transfer—Mrs. Carrie Skaggs of Harrisburg.

Wardens—Mrs. Little Thomas of Quincy.

The Odd Fellows re-elected E. S. Conway of Chicago grand representative to the sovereign grand lodge; Hon. J. J. Brown of Vandalia grand deputy. Conway was endorsed for deputy grand lodge to be elected by the sovereign grand lodge, at Des Moines, in September, 1902.

A resolution was passed by the Rebekahs, recommending the boards of directors of the Orphan's Home and Old Soldiers' Home be elected, not appointed. A resolution was adopted providing that the chief of instructors appoint her own assistants instead of having them appointed by the grand master. Governor and Mrs. Yates gave a reception to the delegates at the mansion this afternoon.

COLLERAN GUILTY.

Chicago Chief of Detectives Dismissed From Service.

Chicago, Nov. 20.—Captain Collieran of Chicago, chief of the detective bureau, was found guilty by the civil service commission and by order of Chief of Police O'Neill was discharged from the police department. This brings to close the long line of scandals in connection with the detective department aired before the merit board. The testimony on which Collieran was found guilty showed several well known crooks escaped conviction through the neglect of the detective department and that the evidence that was to have been used to convict them was destroyed.

JURY IN BONINE CASE

Taking of Evidence Will Begin This Morning.

Washington, Nov. 20.—A jury was sworn in the Bonine trial shortly after 3 p. m. as follows: J. D. Robinson, court agent; Walter J. Fry, counselman; W. P. Cooley, hotel manager; W. L. Koonce, coal dealer; George B. Bury, draughtsman; Cornelius J. Carnady, grocer; Harry Armstrong, aviator maker; Thomas F. Kome, carriage maker; George W. Thomas, carpenter; Andrew J. Beyer, truck farmer; Thomas Humphrey, painter; and August Goetz, car upholsterer. The hearing will begin the taking of testimony will begin.

ASSESSMENT PLAN

Of Knights of Columbus Will Be Changed—New Schedule.

New Haven, Conn., Nov. 20.—The committee on revision of rates appointed three years ago by the national convention of the Knights of Columbus, announced today that a new schedule would be promulgated January 1st. The system adopted by the committee would raise the step rate and the old level rate plan will be abolished. In some instances rates will be lower under the new plan, but the assessment of older members of the order will be somewhat increased.

POOR OLD PENNSY

Colts at West Point Were Easily Victorious.

West Point, Nov. 20.—The University of Pennsylvania football team was defeated by the West Point Military academy today and incidentally suffered one of the worst defeats in her football history. The score of 24 to 0 shows how West Point outplayed the Pennsylvanians. The visitors put up a stiff game, however, and were beaten simply because West Point played a superior article of football. End of first half, West Point, 12; Pennsylvania, 0. Final score, West Point, 24; Pennsylvania, 0.

National Grange.

Lexington, Mo., Nov. 20.—The National Grange today adopted resolutions urging congress to impose a tax of 10 cents a pound on oleomargarine and an additional tax of 10 cents a pound on butter. A universal peace congress in connection with the exposition at Charleston, S. C., were chosen, among them being Aaron Jones of Indiana, worthy master; George W. Baird of Minnesota, gate keeper; Mrs. M. M. Wilson of Maryland, Ill., vice.

Savage Will Join.

Lincoln, Neb., Nov. 20.—Governor Savage said today regarding the consolidation of the railroads that Nebraska would join Minnesota and Washington in rigidly enforcing the laws against combinations. In this state, he regarded plain and unmistakable.

CAPTURE COLON

Liberal Forces Score a Victory in a Brisk Engagement

ARE NOW BEFORE CHORRERA

Machias Lands Marines On Isthmus to Protect Property.

Colon, Nov. 20.—The liberals made an unexpected attack on Colon last night. The government was not prepared and there was little resistance. After some fighting in front of Quarteal and in certain streets for an hour and a half, the liberals gained possession of all public offices and the town of Colon. The prefect of the guardia is a prisoner. Over twenty men were killed and thirty wounded. The United States garrison Machias, now here, took part in the proceedings. There has been no telegraphic communication with Panama since last evening and it is surmised here that Panama is now being attacked.

Colon, Colombia, Nov. 20.—In receipt of news that General Alban, military commander of the isthmus, had started to attack the liberals at Chorrera, near Panama, the latter detached 100 men under General Paltio to attack Colon. This force embarked on a train bound for Panama to Colon yesterday evening at the last Canales station, previously cutting telegraphic communication across the isthmus. Arriving at the outskirts of Colon, where the government usually maintained a small guard, the liberals left the train and in an initial skirmish Paltio was killed. The command of the liberals devolved on Colonel Federico Barrera, and they continued to march on Colon, arriving there a few minutes after the train, thus surprising the whole town. The government troops at Colon were outnumbered by the liberals. Fighting immediately began at Chorrera barracks, which were soon taken. Senior Anon, judge of the criminal court, was killed, and Senior Muscos, district representative of the department of the interior, was mortally wounded. Fighting subsequently occurred at the town hall, which also was taken by the liberals. Among the prisoners captured by the liberals were the prefect of the guardia, and commands of police, Senior Parades, the mayor, managed to reach the gun boat, General Paltio, which sailed last night for a destination unknown, probably Cartagena. The whole affair was over in less than three hours. Communication with Panama was restored today. This revealed that no fighting had occurred there. Everything is quiet, the city is still in the hands of the government. The issue now depends on the result of the fighting which doubtless is occurring at Chorrera, news of which is anxiously awaited here. The United States gun boat Machias landed a detachment of marines this morning. They are now guarding the railroad station and other properties of the road.

IT ALL DEPENDS.

Washington, Nov. 20.—Herron, the Colombian charge here, says all depends upon the result of the attempt of the commander of the expedition to Chorrera to engage the insurgents. If he is successful, the capture of Colon should be comparatively easy, but if the government expedition is defeated, the result will undoubtedly be disastrous, for the insurgents then would have temporarily, at least, undisputed sway over the entire isthmus.

CROSSED THE LINE.

Santiago de Chile, Nov. 20.—It is said here the forces of the Argentine republic have crossed the line of demarcation between Chile and Argentina into Chilean territory.

RED HEADED MEN

Form a Club, President Being "The Lurid Luminary."

Washington, Nov. 20.—One of the most unique social organizations in the country has recently been formed at Washington. The only inflexible rule for membership is that the applicant shall have red hair. The society is dedicated by a member as being a "society of protectors," but strictly social in its aims. It has no philanthropic nor political ideals and there is no danger, should the idea spread and become national in its scope, of the R. I. C.'s putting forth a candidate for the presidency.

It seems that the society organized in a rebellion against the antiquated and mildly whimsical which red-headed people in all parts of the civilized world and uncivilized world are supposed to enjoy, or at least to suffer with a sickly sense of enjoyment.

"Just what there is in the fact that a person possesses red hair that would cut forth the efforts of the world-wide wit may never be learned," said a young lady who is employed at the bureau where the club originated. "But it is true that from time immemorial red-headed people have suffered boredom from the shafts of a certain obnoxious type of joker. Yet it has been left for the bright-headed employers of the bureau to formulate an organization."

The air of mystery which surrounds the meetings of the members is a source of great pleasure to the fellow clerks. It is alleged that a constitution and by-laws have been drawn up defining the purposes of the club and that the president is facetiously referred to as the "most lurid luminary." The other officers and members are "satellites," "less-er lights," etc.

A certain young doctor, who is employed in the bureau is reputed to be the president of the club. He not only boasts a shock of bright red hair of the most approved color, but rejoices in an exceedingly luxuriant growth of flaming hair as well.

When questioned as to the authenticity of the report that he was the president of the club or rather the "most lurid luminary" the medical man laughed and refused to either affirm or deny the report. The doctor, in discussing the so-

DOUBLE HEADER

Passenger and Single Engine Collide On Santa Fe Near Needles, Cal.

SEVEN OF TRAINMEN KILLED

And Fourteen Others Sustain Severe Injuries—Three Passengers Hurt.

ENGINE BOILER EXPLODES

Fire Adds to the Horror of the Wreck—Killed and Wounded.

Los Angeles, Nov. 20.—A fatal wreck occurred on the Santa Fe one mile west of Needles, Cal., seven trainmen were killed and three passengers and fourteen trainmen injured. The limited train east and west bound, Nos. 4 and 3 respectively, crashed together while running at full speed. Train No. 4 was drawn by two engines while the west bound train had but one. The three engines were crushed and blown to pieces by the explosion which followed the collision. Both trains were made up of vestibule cars and while they stood the terrible shock and protected the passengers to a great extent, several cars took fire and burned. The dining cars of both trains, one Pullman, and two composite cars were destroyed. The dead are:

P. M. ELLIOTT, engineer train No. 4.

P. F. GOLDSMITH, fireman train No. 3.

F. F. BARNHART, barber, No. 3.

W. L. CAME, fireman, No. 4.

A. H. ARMSTRONG, fireman, No. 4.

SAM BROWN, waiter, No. 3.

The bodies of the latter three are missing. The injured, trainmen:

Joe Moore, conductor No. 4, badly cut and scalded.

R. H. Haggard, conductor No. 3, badly cut and scalded.

J. E. Williams, engineer No. 3, cut and bruised.

L. W. Fair, waiter, No. 3, bruised.

H. W. Webb, porter No. 4, scalded.

Otto Harze, chief cook No. 3, chest badly injured.

Tony Larson, second cook No. 3, head and legs badly burned.

Monte Morton, waiter No. 3, badly cut about the head, body and legs.

Harry Letcher, porter No. 3, badly hurt, cut and bruised.

E. Williams, waiter No. 4, slightly scalded.

Thomas H. Owens, waiter No. 4, face and feet cut and scalded.

J. H. Arnold, waiter No. 4, slightly scalded.

J. W. Bryant, waiter, No. 4, hand and face scalded.

All of the Chicago passengers were injured. They are:

P. J. Steenson, dislocated shoulder, left ankle and left wrist strained and bruised, Pasadena, Cal.

W. L. Franklin, slightly bruised, San Francisco.

Mrs. H. H. Gibson, slightly injured, Oakland, Cal.

The boiler of the west bound train is said to have exploded immediately after the crash, sending to death those of the engine crews who were not killed outright. The bodies of Cook, Armstrong and Sam Brown are missing and it is believed they were cremated in the fire. A scene of awful confusion followed the crash. The massive engines were piled up in an indescribable mass of broken and twisted steel, while the steam hung in a dense, suffocating cloud over the debris, amidst which the agonizing cries of the injured and dying engineers could be heard. The heavy Pullmans and the composite cars jammed the dining and baggage cars upon the heated wreckage of the train, causing death to the dining car crews and setting the cars alight. At the Santa Fe headquarters in Los Angeles it was stated the blame has not been definitely fixed, but from all appearances it rests with the crew of the west bound train.

CATHOLIC UNIVERSITY

The Annual Meeting Held and Reports Made.

Washington, Nov. 20.—At the annual meeting of the trustees of the Catholic university today, Cardinal Gibbons, chancellor of the university, presided. Other members present were Archbishop Ryan of Philadelphia, Corrigan of New York, Ireland of St. Paul, Keen of Dubuque, and Williams of Boston; Bishops Spaulding of Peoria, Ill., Maex of Covington, Ky., Horstman of Cleveland and Messrs. Michael Cudahy of Chicago and Thomas E. Waggaman of Washington, treasurer and lay members. The treasurer reported the trust funds of the university to be \$276,683; permanent properties, \$383,870; assets, \$111,074; total, \$1,871,037. Total receipts during the year, \$100,541; disbursements, \$157,600, leaving a cash balance of \$2,041. Of the disbursements \$27,000 was paid on indebtedness, reducing it to \$205,000, and \$40,000 added to the endowment fund. The case of Dr. Hendry, recently dismissed from the Gaelic Chalm university, and whose case attracted widespread attention, was discussed in secret. Later an authorized statement was given out that the board has no intention of diverting the Ancient Order of Hibernian fund for instruction in Gaelic, that the board finally decided to dismiss Dr. Hendry, but every effort will be made to secure an instructor in Gaelic to be engaged until such time as a regular professor may be fully equipped for the work in which he will devote his entire time.

BULGARIAN OFFICIALS

Recent Insinuation That They Are Acting in Bad Faith.

Sofia, Nov. 20.—The foreign office rejects the insinuations published abroad that the government is acting in bad faith in the matter of effecting the release of Miss Stone, and explaining its attitude toward Dickinson, the diplomatic agent of the United States, and affirms its entire readiness to take any action suggested by him. The foreign office also avers that acting upon the suggestion of Dickinson it caused the village of Gristovoz to be surrounded and searched a fortnight ago, but the brigands were not there. Also that Dickinson's later information to the effect that the bandits were concealed in a defile in the Belicizna mountains, district of Dubitza, could not be acted upon by it as inquiry showed the place in question to be within Turkish territory. The latest intelligence received here sets forth that the brigands are holding out for a high figure of ransom, and it is asserted that they are able to keep the captives as long as may be necessary. Dickinson, accordingly, the Vezerna Posta, whose editor was a member of the former Macedonian committee, sent an ultimatum to the brigands, giving them six days to accept a specified sum as a ransom for Miss Stone. If not accepted within the time mentioned Dickinson's offer will be withdrawn.

WHEN SMOKE CLEARS AWAY.

People May Be Able to Understand Railroad Deal.

Omaha, Nov. 20.—Charles F. Perkins, former president of the Chicago, Burlington & Quincy Railroad company, and a member of the board of directors, elected last Monday in New York, said today that he did not think the Union Pacific has "bottled up" the Burlington in a way that would prevent the latter road from making extensions. He said the meaning of the recent financial deals could not be understood until the smoke has cleared away.

Comments Friendly

London, Nov. 20.—The speech of Secretary Hay Tuesday night at the banquet of the New York chamber of commerce has aroused keen discussion in the London papers. The comments generally are friendly.

Dickinson's Ultimatum

London, Nov. 20.—Dickinson's ultimatum to the brigands, according to a dispatch from Sofia to the Telegraph, specifies \$15,000.

AT NEW ALBANY

James S. Baldwin, of Decatur, and Miss Mary V. Dishman Married.

HANDSOME CHURCH WEDDING

Newly Married Couple Start For Decatur and Will Make Their Home Here—Groom Well Known.

New Albany, Ind., Nov. 20.—Special.—James Stewart Baldwin, of Decatur, Ill., and Miss Mary Virginia Dishman of this city were married this evening at Trinity Methodist church of this city, of which the bride has been a prominent member. The wedding was one of the most important that has occurred in this city in many months. Although Mr. Baldwin is a new resident of Decatur he is well known here as the bride, having formerly been a resident of this city. The ceremony was performed at 6:30 o'clock and was witnessed by a large number of invited friends of the couple, admission to the church being by card.

Rev. Albert Hurlstone, pastor of the Trinity church, was the officiating clergyman. He was assisted by Rev. Charles Hutchinson, pastor emeritus of the Third Presbyterian church, also of this city. The couple were unattended. The ushers were John W. Galtner, Noble Mitchell and Joseph G. Hammond of New Albany and Tom Kyle Holton of Decatur. The full ritualistic ceremony of the Methodist church was used. Miss Margaret Jackson, an intimate friend and schoolmate of the contracting parties, presided at the big church organ and presiding the ceremony gave an organ recital, the selections being as follows: "Swanlike Hurlstone," "Evening Star," Schubert's serenade.

As the bridal party entered the church Miss Jackson played as the processional. Mendelssohn's wedding march. During the ceremony the sweet notes of "Annie Laurie" filled the big edifice and as a recessional the bridal chorus from Schubert's serenade.

The bride's gown was French haute couture and she carried bride's roses. The ushers and groom were in full evening dress, the groom wearing a red carnation, his favorite flower, on the lapel of his coat.

The interior of the church was profusely decorated with hot house flowers, ferns and potted plants. One section of the church had been marked off with evergreens and was reserved for the relatives and friends of the couple.

Mrs. Holton of Richmond, Ky., Tom Kyle Holton of Decatur, Ill., and relatives and friends from Louisville, Ky., Jeffersonville, Ind., and surrounding towns were present.

The bride and groom left at 8 p. m. for their new home at 905 West Main street, Decatur, Ill., where they will be "at home" to their friends after Dec. 1st.

The bride received many beautiful presents. The ushers received from the groom source of great pleasure.

James S. Baldwin, the groom, is a well known young attorney of this city. He is a member of the legal firm of Baldwin & Ewing and is prominently identified with the church work of the city, being an active member of the First Presbyterian church. He is also a popular member of the Benevolent Order of Elks.

In Which Conference A recent conference of the boundary commission to determine the dividing line between the Illinois conference and the Central Illinois conference of the M. E. church was profitable of a disagreement and the commission will try again later, after there is a report from the presiding elders. Interested, "The boundary under dispute consists of the dividing line between the Warsaw and Hamilton churches over the Mississippi river. The Central Illinois conference people decided to accept both churches in their conference, but when a vote came there was a tie. Under the rules, the matter would have to go to the next general conference, but the two commissions decided to wait till they can hear from the presiding elders of the districts in question and then have another meeting at the call of the chairman. The two churches are considered rather weak and as they put them together, it was thought best to try them into the same conference. The whole commission agreed to that point, but the location stalled the agreement. Revs. G. A. Scott, B. F. Shipps and Henry Shaw of Bloomington and Rev. Dr. A. C. Byerly of Lincoln was chairman.

NEARBY TOWNS.

CLINTON. The funeral of Arthur Moore was held today from the home farm just east of the city. The house and grounds were crowded with sympathizing friends who followed the remains to Woodlawn where they were laid to rest in the family vault. The funeral services were conducted by Rev. S. C. Black of this city and Rev. Jas. P. of Charleston. The pallbearers were R. A. Linton, L. N. Baker, Dr. Wiley, Wm. Argo, T. L. Kelly, T. C. Chubbey, W. Hickman and C. W. Williamson.

The city council is following up its attack on the sporting fraternity by passing another ordinance, this time dealing with the keeping of slot machines for cash a misdemeanor.

W. H. Wheeler left today for Baton Rouge, La., having in charge a car load of cattle for the state experimental station at that place. The cattle were selected from various herds in the county and are a particularly fine class.

BETHANY. Charles H. Honey went to Kansas Tuesday to spend the winter. Mrs. Lenox and Mrs. Davidson accompanied him. They will make a short visit with relatives there.

Thomas Dalton of Decatur was in Bethany Tuesday. There are a few cases of small pox in town, but nothing serious at all. The families are quarantined.

There is a revival in progress at the M. E. church. Evangelist Montgomery is in charge. Elder Herman was at Argenta last Sunday. He was out at Lake City the Sunday before on account of the small pox case.

Elder Mason gives an entertainment at Todd Point tonight. The bridge inspector on the Illinois Central was in town Tuesday night. He comes on a little car propelled by a steam engine.

James C. Ambrose gave the first number in the lecture course at Bethany on Monday night. There was a good house. Mr. Eagle went to St. Louis on Sunday.

Lillie Ashmore, Miss Lyons and John Armstrong were in Decatur Sunday. Mr. Arthur McElroy and Russell James of Shelby were in Bethany Sunday. Mr. Igo of Shelbyville was here Sunday.

Joe Lowe went to Shelbyville Tuesday with some horses. Robert Davis is on the sick list. Nov. 20.

MONTICELLO. Cloyd Davidson, arrived home Saturday night from Waukegan, Wis., where he has been employed during the year in the Waukegan cement factory. The Monticello fire company will give an oyster supper at the late Hotel Woodlawn on the evening of November 10.

County court has been grinding out a list of certified criminal cases the past week. The common law cases will receive attention this week. Charles Lewis of Decatur will show his moving picture of the opera house on Wednesday evening.

On Saturday last occurred what seemed to some a rather funny episode, the principal actors being some of the officers of the Presbyterian church on the one side and George Lewis on the other. The bone of contention was over a seventeen-foot strip of ground that Lewis and his wife had decided to use as part of the new church site. Now Lewis and his wife cannot quite agree on a division of the money arising from the sale, so George supposed he could keep the church out of possession. The officers resolved themselves into a court, being judge, jury and sheriff. The deed was self-executed, by ejecting Lewis from the ground which he tried to hold some day. Most of the force was expended on an all tongueless buggy that was on the Presbyterian side. Some loud talk was engaged in but no blood was spilled, and Judge Wheeler presided about as well as ever on Sunday.

DORNER WILLING

Says He Will Come Back to This City to Play Ball

FREMER ALSO COMING BACK

Farley Writes That His Team Looks Better All the Time—League Meeting Today in Chicago.

Gus Dorner, who was the star pitcher of the Decatur team last season, writes to C. M. Reddick that he is willing to come back to this city next summer to play ball. He has not been signed yet, but he has stated that he will sign in due time. Dorner likes the city and wants to play here. He is not having any trouble to find openings for next season's work, for there are a half dozen western clubs who would like to sign him and he says that he can catch on in the New England league without half trying. While Dorner did not stand very high in the pitcher's column, according to league ratings, those who followed his work during the summer knew that he was as good as the league had to offer. This fact is he was so badly overworked here during the last half of the season that there was no opportunity for him to show up in his best form.

Notwithstanding this every league manager had him sized up as a first class pitcher and the local management had half a dozen offers for him. Dorner, however, does not want to pitch anywhere but in Decatur in this league. He says in his letter to Mr. Reddick that he likes the town and the treatment accorded him and that he will be glad to get back here. With a strong team behind him Dorner ought to show up equal to the best that there is in the league.

A letter was received yesterday from Farley. He is wintering in Chicago and wrote that he is busy picking out material for the next year's club. He has the nine nearly completed and states that he does not want to get too enthusiastic in the beginning, but that the more he thinks about the men he has selected the more he is convinced that he is going to have a nine that will show well to the front throughout the entire season. This is what the Decatur fans want. They are not so anxious to have a championship team as they are to have that will make an even break at the least.

Frank Badger, former catcher and first baseman of the Decatur team, is so well satisfied with his position at the Mueller factory that he does not know whether he will play ball any more or not. Badger is engaged in the brass foundry and expects to learn the trade. He says to friends that he feels that he has a steady job all the year around with a prospect of finally learning a trade that will insure him steady employment and in view of that fact does not think that it would be wise to go back to the diamond which does not offer more than temporary work.

It is stated that Fremer will be the short stop of the Decatur team next year. Fremer was known to the fans last season as "Wooden-ear" on account of his deafness. He played short part of the time, covered third, second and played the field. He showed up well as a utility man and was a favorite with the fans. His only drawback was his deafness, but it is claimed by those who know him best that this will not seriously interfere with him if he gets on a team that works in harmony and plays fast ball.

Word comes from the mine in Pennsylvania that Pat Hollis is there and at his best. The report says that Pat has "cut it out" and never looked better in his life. He is working every day and is expecting to get back into the game next year. Pat is not in love with Decatur, but a friend of his writing to this city says that he often expresses a desire to come back just to show them fellows that I can play as good ball as I use to when with the Bloomington gang. Pat evidently realizes now that he was not working up to the standard when here last season. His greatest trouble when here was that he had too many friends and that they came too easy.

President Dan Dimore is in Chicago where he will attend the league meeting today. C. M. Reddick expected to go up but was detained at home on business.

HANDSOME PIPE ORGAN. To Be Given the Presbyterian Church at Urbana by Mrs. Bussey. Mrs. S. T. Bussey of Urbana has informed the board of the Presbyterian church of that city that her three children would present the church with a pipe organ if the church was out of debt on the day of dedication. It was decided to appoint a special committee to do the work and Mayor Glover and County Clerk T. A. Hart were appointed. The amount of \$10,500 has already been subscribed. The contract price of the building was \$15,000, and plumbing, heating, furniture, etc., to the extent of \$4,500 have been contracted for, so this means that the special committee is given a task of raising \$3,000. The cost of a pipe organ is between \$2,000 and \$3,000.

Sanle Gepford, the twelve-year-old daughter of J. F. Gepford, is very ill with scarlet fever and diphtheria at the family residence, 972 King street.

CISCO. Mrs. Mary Dunn and daughter Della, and Mrs. F. N. Wellons were in Decatur Saturday. Mrs. Geo. Wilson and daughter of Hilda Hart, visited relatives Thursday. John Adams arrived home from Minnesota Friday. Mrs. Lela Wellespe spent Sunday at home. Ira Parikh and Robert Barr were in Monticello Monday. Miss Lillian Gray was in Decatur Saturday.

Pearly Parr of White Heath spent Sunday at home. Mrs. R. H. Hinch is visiting relatives in Blue Hill around this week. Holcomb and Miklef of Oakley shipped four carloads of hogs to Chicago one day this week. H. M. McKelvey lost his sale of live stock and farming materials and will move to Decatur in a short time. The band concert and oyster supper given Sunday night was a success. Miss Clifford of Lake City, is visiting her sister, Mrs. M. H. Beedles. Nov. 17.

ASTRONOMICAL DISCOVERY.

Made By Professor Hiltchey at Yerkes Observatory.

The following story of a marvellous astronomical discovery at Yerkes' observatory, tending to prove that the solar system is formed from great bodies of gaseous matter, floating in space, is published by the Record-Herald from Williams Bay, Wis.

"Prof. G. W. Hiltchey of the Yerkes observatory, has made a discovery of startling significance and tremendous importance in the history of the evolution of the universe. He has discovered the first positive proof of the truth of the celebrated nebular theory of creation announced by the famous Frenchman, Laplace and of the widely entertained belief that the solar system, and even star clusters, have been formed by millions of years of slow evolution from great bodies of gaseous matter floating in the inconceivable abysses of space.

"Prof. Hiltchey's observations go further than this. They go to show the truth of the theory of Hlobert Spencer that the entire universe is passing through a flux of evolution and dissolution—that nebular gas itself is developed by mighty changes in the stars themselves—that stars are suddenly expanded by explosion, or otherwise, into enormous masses of thin gas, infinitely more tenuous than atmospheric air, and that this gas again contracts and is converted into suns like our own, with probably trillions of attendant planets.

"The conclusion object upon which Prof. Hiltchey has made his observations is the mysterious star, Nova of Perseus, which suddenly appeared last February in the northern sky, blazing with strange light in a place where there had been no star before. Its light rapidly increased until it became a star of the first magnitude. Then it gradually faded away until now it is only the sixteenth magnitude. At present it is altogether invisible to the unaided vision and if it continues to diminish in brilliance it will soon be invisible even in the great Yerkes telescope—the most powerful in the world—through which it was seen below the sixteenth magnitude can be seen. Astronomers settled upon the theory that the new light had been caused by a tremendous explosion proportionate in size to the star. This theory is borne out by Prof. Hiltchey's observations.

"On the night of Sept. 20 Prof. Hiltchey photographed Nova of Perseus, by means of the twenty-four inch reflector, at the observatory. The negative disclosed two fairly dense wisps of nebulae toward the west with a curve to the north, merging into the convolutions of the nebula. This was a startling fact, but Prof. Hiltchey waited for a favorable night to secure another negative. The looked for opportunity came last Wednesday night. When he looked at the negative he observed a fact in which he at once recognized the proof so long sought and so ardently wished for by astronomers everywhere. The spots of density in the west field of the nebula had moved."

That Throbbing Headache. Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by J. E. King, N. L. Krohn and H. W. Bell.

Coal Business Good The chilly weather of the last few days has made a harvest for the coal dealers. Yesterday there was a steady stream of wagons at the shaft. A noticeable fact was the many farmers after coal.

WYCKLES. Ott o' Churchman came here from Dawson to attend the funeral of his father, David Churchman, Monday. Mrs. L. A. Martin and father visited at Will Park Monday. Their little son broke his arm but is improving. Grandma Barnett who has been visiting her daughter, Mrs. L. Honek, has come to visit another daughter, now Mrs. Will Turner, south of town. Beale Miller of Monticello, who has been visiting her parents for the past week has returned to that place where she expects to spend the winter. Sammie Troutman son of Jacob Troutman, has been quite sick. November 10.

Hundreds of Millions of cans of Royal Baking Powder have been used in making bread, biscuit and cake, and every house-keeper using it has rested in perfect confidence that her food would be light, sweet, and above all, wholesome. "Royal" is a safeguard against alum, which comes in the cheaply made powders so often pushed upon the unwary purchaser. Caution your grocer never to send you any baking powder other than the "Royal."

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

THE HUMAN FLY.

He is Alive and is Now in Washington, D. C., According to Letter of Yesterday.

Some time ago a report was circulated in this city that F. S. Sutherland, the "human fly," had been killed by a fall, not from a steeple or a tower but by simply stumbling and falling to the ground.

This report followed soon after Sutherland had finished the work of taking down the steeples of the First Methodist church in this city. It will be remembered that this work excited a great deal of interest. Hundreds who had watched Sutherland at his work wondered how it was possible for him to meet death in the way that had been reported.

Wilbert Sampson of this city doubted the story and wrote to L. Z. Leiter of Chicago, who has the permanent address of the "human fly." He has just received a letter in reply in which Mr. Leiter denies the report and states that Sutherland is now at Washington, D. C. It is to be expected that some day the public will hear of his death by a fall from a steeple or some high building or tower, for that is the common fate of all men who follow that business, but the men who personally knew Sutherland in this city never expect to hear of him being killed by merely falling down while walking along the street.

It is in the Air. It appears that there is a spirit of reform in the air throughout Central Illinois. The gamblers of Springfield have been side-stepping for months and the papers there yesterday announced that they were about to shut up. They have tried to do business in opposition to continued raids and have grown weary. In Decatur the members of the fraternity have been up against it for the past two weeks and they don't know "where they are at" now. At Clinton the city council has been giving the regular gambling rooms a whirl and have now followed it up by passing an ordinance forbidding slot machines from the city. It appears that the machines have been allowed to do business there for some time past, but now they are all back numbers.

\$800 Was the Award In order to settle forever the long-existing differences that have existed between B. H. McElroy and the Masonic lodge of this city regarding the ownership of the building, which for so many years both have jointly occupied an arbitration board of three members—John Clark, J. P. Aydelott and H. F. Day—was created to value Mr. McElroy's interests, and both the Masons and Mr. McElroy pledged to abide by the decision of said arbitrators.

A decision was reached last week whereby the Masonic lodge is to pay Mr. McElroy \$800 and he is to give possession of the premises April 1st, 1902. The "Call-Mail" is given to understand that the Masons contemplate the erection of a very handsome building on that corner.—Mowreaga Call-Mail.

USE ALLEN'S FOOT EASE. A powder to be shaken into the shoes. Your feet feel swollen, nervous and hot, and are tired easily. If you have smarting feet or tight shoes, try Allen's Foot Ease. It cools the feet and makes walking easy. Cures swollen, sweating feet, ingrowing, corns, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by druggists and shoe stores for 25c. Trial package FREE. Address, Allen & Unwin, Ltd., London, N. Y.

Beggars Get Bold The town seems to be full of beggars at this time. They are particularly bold now. They visit houses and with some trifling article for sale worry and frighten women by their persistence. These mendicants don't hesitate to stand at the front door and ring the bell or knock until they threaten the destruction of the house. Complaint comes from the northwest part of the city that several are canvassing that section and that they are unusually impudent and insulting in their conduct.

Let the GOLD DUST take care of your skin. Three times a day, 100¢ line a year for GOLD DUST. Dr. J. S. Appleman. The famous specialist, to visit the sick and suffering. BRUNSWICK HOTEL. Decatur, Ill.

DR. J. S. APPLEMAN. The famous specialist, to visit the sick and suffering. BRUNSWICK HOTEL. Decatur, Ill.

BRUNSWICK HOTEL. Decatur, Ill. Monday, Dec. 2, 1901. 8:00 A.M. to 4:30 P.M. returning every four weeks. Dr. Appleman. Formerly of New York, now permanently located in Decatur, Ill., a graduate of Bellevue Hospital Medical College, New York City, the most notable education of his kind in America. He made a special study of the diseases of the throat, nose, throat and chest, and has been in the great Bellevue and City hospitals, New York City, and results of this experience are many successful cures as over the states.

Acute and Chronic Catarrh. Suffering from catarrh of the nose, throat, lungs, kidneys, urinary and bladder, you prostration, dyspepsia, constipation, rheumatism, epilepsy or fits. Hemorrhoids, piles, cured with knife. No pain and no detention of work. Young and Middle Aged Men. Suffering from spermatorrhea and prostration, as the result of self abuse, youth or excess in mature years, other causes producing some of the following effects such as emaciation, weakness, nervousness, loss of memory, defective memory, and general debility, which until the victim is cured, renders him a burden to himself and his family. The doctor cures all these ailments. An aphrodisiac, scrofula, stricture, etc., cured. Suffering from women, such as irregular, painful menstruation, displacement of womb, bearing down pains, relieved in a short time. The doctor cures all these ailments. Correspondence solicited. Address, J. S. APPLEMAN, M. D., 100 22nd St., Suite 22, CHICAGO, ILL.

DR. C. C. MILLS. Veterinary Surgeon. Excellent Hospital and Surgical Facilities. Calls Day or Night. Office and Hospital 245 East Main St. Both Phones.

GOLD CROWN. Porcelain or white crowns made to fit in this office, especially for individual cases, and fitted to duty most minutely. All extra work guaranteed. No charge for Extract. When Teeth are Ordered. Ret. of Teeth. Best Teeth. 22-karat Gold Crown. Gold Fillings. Silver Fillings. WE GIVE CHISEN NAME.

DR. J. D. MOORE'S PAINLESS DENTAL PARLOR. East Main Street. New License Book. County Clerk Dodd has opened a marriage license record at his office is waiting for the first couple to come around for a license. The year now is drawing to a close and there is a rush in the matrimonial market. The book just published is "L" and opened January 10, 1901. Charles Moore and Cora M. Lawton of Decatur were the first license. Moore (time 300 permits to marry have issued). It is likely that the total for the year will be in the neighborhood of four hundred.
